

DONUM

GIFT OF THE LAND

2023 SINGLE-VINEYARD ANDERSON VALLEY PINOT NOIR

INTRODUCTION

One of the most exciting moments for the Donum winemaking team was the 2023 acquisition of the famed Savoy Vineyard, one of the most renowned vineyards in Anderson Valley. While portions of the vineyard date back to the early 1990s, several blocks have been recently replanted with younger vines. For this reason, we decided to bring back our Anderson Valley Pinot Noir bottling, which includes these younger vines that are not yet ready for the vineyard-designated Savoy bottlings. With its diverse soils and cooling winds that temper summer heat, the vineyard offers a remarkable expression of Anderson Valley Pinot Noir.

WINEMAKER NOTES

Medium ruby in color, the 2023 Anderson Valley Pinot Noir opens with aromas of blueberry, violets, pomegranate and crème brûlée. The palate is well-structured, revealing layers of juicy red berries, blackberry and cedar that evolve into notes of baking spice. The finish is long and refined, with mixed fruit joined by a lovely mineral note. Drink from 2025-2031.

FRUIT

22% Martini, 23% 114, 19% Pommard, 14% Mt. Eden, 11% Calera, 8% 115, 3% Swan
